Jones Feed Mills – Covid-19 Operational Updates

The manufacturing and delivery of livestock feed is deemed an essential service, a responsibility Jones Feed Mills takes very seriously. As a result, JFM has implemented the below procedures and recommendations in order for Jones Feed Mills staff to facilitate this responsibility during the Covid-19 period.

1. As of March 9th, all JFM staff that have travelled outside of Canada and/or have or are showing cold/flu-like symptoms are in self isolation for 14 days.
2. Farm visits are limited to essential calls only. When on-farm JFM staff will exercise all JFM implemented sanitation and social distancing procedures. All other sales calls and inquiries will be performed using phone/electronic means.
3. Customers are requested to not interact with JFM delivery personnel. Please ensure bins and feed placement areas are identified at the point of ordering. Where interaction is required a minimum of 2 metres between people is required.
4. All JFM mills, offices and retail stores are closed to the public until further notice.
5. All JFM ingredient and commodity suppliers are subject to JFM Covid-19 delivery procedures.
6. All group meetings, conferences and marketing events have been cancelled until further notice.

Jones Feed Mills is monitoring its Covid-19 procedures daily to ensure the health and safety of its staff, customers and the community. Updates will be posted as they come available.

Together we will make a difference.
