

Happy New Year!

From all of us at Jones Feed Mills, we look forward to serving you in 2025.

WELCOME PAUL GERBER

Jones Feed Mills is excited to announce that Paul Gerber, formally of Black Creek Livestock, has joined the JFM Beef Team as a Beef Sales Consultant. Paul, who has worked with Black Creek for 10 years, will be working primarily in Grey and Bruce counties, servicing existing JFM beef customers, while also growing the business through new prospects. Paul has worked in the livestock industry his entire career through roles that include dairy farming and working in the swine industry. Paul is no stranger to many of the JFM customers throughout this area. Paul has worked closely with the Black Creek Producers in these counties, many of which also have beef cattle. For those of you that know Paul, yes, he is a brother to long-time JFM Dairy Nutritionist and Sales Representative, Ross Gerber. Paul is succeeding Phill Woodhouse, who left JFM in the summer to farm full-time. Since that time, Murray Hisey, who has come back from retirement has been supporting the customers in this region once again. Murray will continue helping Paul while he gets familiar with his role, and then will officially retire! Paul and his wife, Donna, live in Palmerston and operate a weekend catering business, where BBQ'ing pigs is their speciality! Please join us in welcoming Paul to Jones Feed Mills! Jones Feed Mills wishes to also recognize Murray Hisey, for all his time and efforts in working through this transition. Thanks again Murray!

WINTER MAINTENANCE

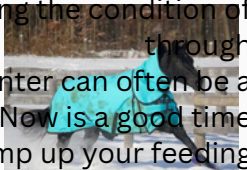

Please ensure that your laneway is plowed and the areas around your bins and doorways are free of snow and ice on your delivery day. Please

consider the use of laneway markers to identify ditches, turns, etc. for your laneway. If you are not able to clear your laneway please contact our office to reschedule your delivery. Thank-you for your help!

A NOTE FROM OUR EQUINE DEPARTMENT

Maintaining the condition of your hard-keepers through the winter can often be a challenge. Now is a good time to ramp up your feeding program to build a bit of a reserve to get your horses through the cold months. JFM has high fat feeds and top-dresses available to complement any feeding program. For more information or to discuss your feeding program, contact Victoria Pringle at 519-501- 8891. To receive a copy of the JFM Equine Feeds Brochure, call the office or drop by the Mill

DON'T FORGET!

BEEF GROWER PELLET BOOKINGS

Remember to book your beef grower pellets for the winter. January is the month where JFM receives booking requests for our popular 13.5% BBGP (Booked Beef Grower Pellet) with Monensin for the winter. Booking your feed provides predictability and assurance of product availability and price. Talk to your JFM Beef Sales Consultant or call the office at 1-800-265-8735 to inquire about booking your BBGP. Bookings on BBGP are received until January 31, 2025.
