Happy Retirement Bert!

The End of an Era...

It is with pride and enthusiasm, that we announce that Bert Pletsch, JFM Dealer and Wholesale Business Representative, has retired from Jones Feed Mills. Bert has been an institution at Jones as seen by his sales number 01. Through his almost 56 years at Jones, Bert has seen many developments and changes within the company, many of which he influenced. Bert served in many sales roles through his tenure, and through that time and experience made many (many) friends and acquaintances. Bert has always been a strong believer in respect and community and used that philosophy through everything he did. Bert's calm and encouraging manner was complimentary to those he did business with, regardless of who it was - a local customer, a JFM Dealer or an international contact. Upon his leaving, Bert would like to thank the Jones family, the JFM ownership partners, the staff and all of his customers through all of the years for making him feel so welcome and for their trust and business.

All of us at Jones Feed Mills, send Bert a heartfelt "Thank-you" for his time and passion while at Jones, and wish him a happy retirement!

Welcome Back - Did You Dip Your Feet?

As millions of migratory birds make the long journey back for the spring, summer and fall, we are reminded to be wary of the risks this marvel of nature can bring home with them. Migrating birds and water-fowl are highly responsible for the transfer of AI (aka Avian Influenza or Bird Flu). JFM follows the recommendations of both OMAFRA and Feather Board Command Centre on the movement and risks associated with AI in Ontario. At this time JFM is on alert and is maintaining all regular biosecurity measures within its operations and recommends all livestock producers be watchful for infected birds and the alerts from OMAFRA. For more information on AI and the risks associated with it, please reach out to the JFM office 1-800-265-8735.
