

**Notice: Jones Feed Mills will be closed Monday, May 18<sup>th</sup> for Victoria Day. We wish all of our customers a safe and happy holiday weekend!**

### JFM Dealer Day

Last month, we were pleased to welcome a group of our valued dealers to the mill for a day of connection, learning, and behind-the-scenes access. They enjoyed guided tours of our facilities, gaining a closer look at our production process and commitment to quality, along with informative sessions focused on nutrition, products, and industry insights. It was a great opportunity to share knowledge, strengthen relationships, and spend time together over lunch. We appreciate everyone who joined us and look forward to continuing to grow and succeed together!

### Jones Feed Mills ERP System Change

This month, Jones Feed Mills will be changing its ERP (Enterprise Resource Planning) system to a new platform which will provide more functionality for the company as a whole, and much more than our current (older) system. An ERP system is the computer system that ties all aspects of the company together (order process, manufacturing, accounting, inventory etc.). Though our transition team feels that the change-over will happen smoothly, we do expect some challenges due to the volume and complexity of the number of processes and the amount of data associated with this change. Over the next month should you see or experience something that appears to be incorrect, please call the office at 1-800-265-8735 and a member of our team will look into the situation immediately so we can correct it.

### GRJ Expansion

For those of you who have visited the Jones Feed Mills Linwood facility over the past month, you may have noticed heavy equipment working on the south side of the GRJ (George Robert Jones) bulk production plant. This work is part of the installation of two new 60-tonne feed load-out bins, which will increase our capacity to keep more feed readily available on demand.

This expansion was included in the forward-thinking design of the GRJ production plant, making the project more efficient, as much of the required excavation was already accounted for during the mill's original construction. The project is expected to be completed later this month, at which point the new bins will be fully operational.

WHAT'S GOING ON AT  
**THE MILLER'S STONE STORE**  
HEIDELBERG & WROXETER

## May Specials

519-699-5200

### Ice Cream Is Back!

Sweet news for the warmer months ahead! **The Miller's Stone Store** in Heidelberg has brought back scoopable ice cream and ice cream bars just in time for spring and summer. Sourced from **Four All Ice Cream** in Kitchener, it's the perfect way to enjoy a refreshing treat while supporting local. Be sure to stop in, grab a scoop, and celebrate the season with us!

### Corn Gluten Pellets

Boost your lawn the natural way this season with our bagged corn gluten! A popular choice for eco-conscious lawn care, corn gluten acts as a natural fertilizer while also helping to deter weeds before they take hold. It's an easy, effective option for promoting healthy, green growth—now available in convenient bagged sizes.

### Lawn Maintenance

As summer approaches, JFM would like to remind customers to keep grass trimmed around feed bins. Maintaining clear access helps our drivers with safe and efficient deliveries, while also reducing the risk of ticks in the area.

## JFM Floor Stocked Feeds with Seasonal Garlic

As warmer weather arrives, so do the flies. Help keep pests at bay with our selection of floor stock feeds formulated with added garlic—an effective, natural aid in fly control. Check out these convenient options designed to support comfort and performance through the busy summer months.
