Rob Wilken Joins Jones Feed Mills!

Jones Feed Mills would like to announce that Rob Wilken of Mildmay has joined Jones Feed Mills in the role of Beef Sales Consultant.

Rob replaces Murray Scholl who has left JFM to pursue personal interests.

Rob has a lifetime of beef experience that comes from both their family farm as well as him working with various cattle producers and feeders. Rob's knowledge along with his keen eye for cattle in both the feedlot and cow/calf sectors will be of great benefit to the customers he will be servicing. Initially, Rob will be helping service the Linwood - St.Clements area customer base and will eventually expand his sales territory to include producers in Grey, Bruce and Huron counties. When asked for comment on Rob's appointment, Peter Draper, JFM Sales Manager comments, "Rob's extensive knowledge of the beef industry coupled with his keen eye and ability to evaluate cattle will make him an important part of the team of many of our customer's operations when working with their cattle."

In Rob's spare time, he enjoys working with his family on the farm as well as taking time to fish each year in Northern Ontario.

Please join us in welcoming Rob to Jones Feed Mills!

JFM would like to also thank Murray Scholl for his time with Jones Feed Mills and wish him well in his future.

Fall Lawn Seeding

One of the best times to overseed your lawn is September through mid-October. Not only does it help produce a nice looking lawn; a thicker lawn will crowd out weeds. Fall seeding also allows seedlings to grow and establish through an autumn and spring season before reaching the hot summer weather. **The Miller's Stone Store** carries Speare Seeds in 10 lb bags, 55lb bags and has a bulk bin for you to purchase the perfect amount for your seeding needs
