## New JFM JOLT Program

The Jolt pre-starter program is based on Provimi's Nurture™ swine research that led to a focus on feeding pigs based on age rather than body weight. A properly phased feeding program utilizing a series of pre-starter and starter diets will provide a smooth transition from mother's milk to corn/soy diets in addition to optimizing performance and cost. To learn more about the newly revised **JOLT** program call 1-800-265-8735.

## Update on Custom Bag Orders

The JFM production team would like make customers who order custom feed in bags (including scripted feeds) aware that you will begin to receive any residual feed that does not weigh out to a full bag with your order (ie: any remaining part bags will be shipped with your order). Note, this feed may contain fines, as all remaining feed, including the clean-out, will be bagged off. This feed is safe to feed and only contains the feed and ingredients from your order. This feed (ie: part bag) will be shipped with your order at N/C. This process will make logical use of part bags accumulated through production, provide you with value and keep JFM compliant with the storage of manufactured and medicated feeds. Please contact the office if you have any questions.

## Jones Feed Mills Covid-19 Protocols and Updates – June 2021

- JFM mills and offices remain closed to the public at this time. When visiting the Linwood or Wroxeter Mill, you may enter the vestibule of that office and speak with JFM personnel using the communication devices at each location. Only one person or family unit is allowed to be in any of the vestibules at a time. At Heidelberg, please follow the instructions on the front door and use the intercom to communicate with the customer service staff.
- Masks must be worn when at any JFM mills.
- Curb and dockside pick-up remain available at all JFM mills.
- Customers are requested to practice physical distancing when interacting with JFM sales or delivery personnel when at your farm.
- Sales and service calls continue while utilizing Covid-19 preventative measures including mask wearing when on-farm, physical distancing and avoiding confined spaces when others are present.

For more information, please contact Jones Feed Mills at 1-800-265-8735 or [info@jfm.ca](mailto:info@jfm.ca).

## New AllBite™ Blocks from Alltech

AllBite is a molasses-based block designed to discourage aggressive behaviors, such as tail biting, in pigs. Its unique design and its delivery system attract pigs and encourage them to chew on the block. The AllBite block changes pig behavior by adding a new stimulus to the environment. AllBite allows pigs to exhibit foraging behaviors and to bite and chew on the block instead of on their pen-mates. Call the JFM office to order!

## BIG GREEN EGG

Jones Feed Mills is a distributor of the famous **Big Green Egg** BBQ. Big Green Eggs are known for their ability to maintain a consistent temperature while offering the opportunity to smoke meat while cooking, turning your next BBQ into an experience! To learn more about Big Green Eggs and how they can enhance your summer, call the Miller's Stone Store at 519-699-5200.
