## Jones Feed Mills – A Partnership for the Future!

The Jones Feed Mills Partnership – May 2022

*Pictured left to right: Jeff Jones, Bob Ottens, Mike Edwards, Dave Ottens*

Last month, Jones Feed Mills announced the formation of a new partnership for the company going forward. Jeff and Julie Jones, owners of Jones Feed Mills, have been joined by three local farming families who have formed the new partnership.

Joining Jeff and Julie Jones in this venture is Mike and Krista Edwards of Crosshill, ON. As many of you know, Mike has been an employee of Jones Feed Mills for over 30 years and is currently the company's CEO. Mike and Krista are also customers of Jones, as they, along with their three boys, have an organic broiler barn as well as raise a flock of sheep.

Also joining the partnership are Bob and Patti Ottens and Dave and Krista Ottens. Bob and Dave are brothers and were raised on a dairy farm near Listowel. Bob and Dave own Moonfleet Poultry, a successful chicken catching business out of Walkerton. Bob and Dave also run broilers, pullets, and layers within their enterprise.

Bob and Patti and their two daughters reside on their farm outside of Walkerton, ON, where they raise pullets and layers. Dave and Krista Ottens, along with their three children live on their layer farm operation outside of Elora.

When asked to comment on the new partnership, Jeff Jones replies, "With the formation of this new partnership group I feel Jones Feed Mills is very well positioned for the future. It also means the superior service and quality products our customers have come to expect will not change, and that the JFM staff our customers know and count on will continue to be there for them."

For more information, please call 1-800-265-8735

Source: farms.com

## On the Calendar:

**Western Ontario Lamb Producers Road Trip –**

June 4/22

**For more info: 519-392-8624**

**Waterloo/Wellington Cattlemen's Ass'n Beef**

**Tour - Wed June 8/22**

Hosted by Marvin Burkhardt and Family – Wallenstein

**BFO Feedlot Management School - June 29 & 30/22**

**National Poultry Show - June 22 & 23/22 Cancelled**

## Four (4) vs Five (5)!

Now that the warm weather has arrived, the JFM Production Teams will be placing four bags/layer of some of our pelleted bagged feeds opposed to five on a skid to allow for heat to escape up the middle to maintain feed quality. FYI

## Updated JFM Covid-19 Protocols – June 2022

**Linwood** – We are working on procedures to open the front area of the office for Customers. Look for the signs in the front foyer for updates. Until then, the Linwood office remains closed currently. Customers can be served using the telephone in the vestibule.

**Heidelberg** - The Miller's Stone Store is open to the public without restriction.

**Wroxeter** - The Wroxeter Mill is open with restricted access to the store/office.

**Note:** Physical distancing is encouraged while at all JFM facilities. Masks are optional and are available for those requesting. Access to JFM manufacturing mills & warehouses remain off limits.

*Thank-you for your respect of our Covid-19 protocols.*

## High Pathogenic Avian Influenza (HPAI) Update

Avian Influenza (*aka Bird Flu*) continues to be a threat to Ontario Agriculture. Jones Feed Mills continues to take all precautions possible to help reduce the spread of the virus which includes, but is not restricted to, disinfecting all incoming supplier vehicles, disinfecting all feed delivery vehicles upon arrival on farms (in and out within perimeter zones), disinfecting all JFM sales and service vehicles when leaving farms. All personnel entering any Jones facilities must also use disinfecting foot mats to disinfect their feet before entering any JFM facility (including offices). JFM will continue to use all precautions until otherwise instructed by CFIA and Chicken Farmers Ontario.

For more information on Avian Influenza, prevention measures or JFM's approach to managing this situation, please call Jones Feed Mills at 1-800-265-8735.

## Skid-Wrap Reminder

JFM reminds all customers that when receiving bags on skids to **remove the shrink wrap immediately upon receipt of your order** to allow bags to breathe and prevent sweating, therefore avoiding mold and reduced feed quality. The same applies for all seasons, but this is particularly important in the warmer months.

Canada is 155 years old on July 1/22
