Sponsored Event*

Introducing "Woody's" Bedding Crumble

Jones Feed Mills is excited to announce the availability of Woody's wood bedding crumbles. This dry wood crumble, which can also be used as a furnace fuel, is ideal for bedding livestock. Based on the concept of kitty litter, Woody's bedding crumbles "slowly break down to a sawdust-like form, but without the dust", comments Sarah Bartlett who is using the crumble to bed her horses. Sarah goes on to say, "The stalls are super easy to clean and there is very little waste". Sarah has seen a 60% savings in bedding costs when compared to shavings. Jones distributes Woody's Bedding Crumbles from Heidelberg and are available by the single bag, half tonne to tonne lots as well as bulk totes. Call 519-699-5200

You're Invited! Farm & Home Safety Rally

Wednesday, March 15

Time: 7:30 P.M.

**ST. JACOBS COMMUNITY
CENTRE**

It's Time for TUFF STUFF!

As your 2017 calf crop begins to hit the ground, remember to get them off to their best start possible by feeding them **Jones TUFF STUFF**. TUFF STUFF is formulated to provide calves with essential vitamins and minerals with an added coccidiosis control to help deliver the best weaning weights possible. Talk to your Jones Beef Rep to learn more about **TUFF STUFF**!

Keep up with the BAWL!

Remember to get your copy of the **Bi-Monthly BAWL**, written by our own Tom Mosterd, aka The Calf Guy. The **BAWL** is full of valuable information on calf health, calf nutrition and management. Ask your JFM Dairy Rep for your copy. (Printed bi-monthly)

Congratulations Leroy Cook!

Jones Feed Mills wishes to congratulate Leroy Cook of Stratford for being one of the winners of 3 JFM calf coats at the London Dairy Congress. JFM reminds all producers to watch the weather through spring when using calf coats (use < 10°C).
