Please note, all JFM Mills are closed May 22 for Victoria Day.

JFM Employee Profile:

Crystal Blake – Experienced in Agriculture

Crystal Blake joined Jones Feed Mills in the fall of 2016. Crystal's enthusiasm and vast experience in agriculture made her an easy fit for the Jones team! Crystal, who is from Listowel, started with Jones in the customer service dept, learning the Jones business and customer base. Since that time Crystal has been appointed to the role of HACCP Coordinator. In her role, Crystal along with other members of the HACCP team are responsible for the on-going assurance of the company's safe and accurate application of production practices. As Crystal puts it, "This role fits me well, as I like things done right and in a timely manner; which is a key component of this position". Crystal goes on to say that she "enjoys the ability to work with staff at all levels of production where [she] gains a vast understanding of how the entire business operates". In her spare time, Crystal keeps herself very busy with many ag-related functions. Crystal is currently the Executive Director of Marketing for the Ontario Junior Farmers Association and where she is the Past President of her local Junior Farmers Club (Perth County). Crystal has won many awards through her involvement in agriculture and shows purebred Galloway cattle, a hobby that has taken her all over North America.

New Office Update

Jones Feed Mills is excited to announce that this month our Linwood-based office staff we will be moving into the new head office located south of the premix plant on the Linwood mill property. The move is scheduled for late May. Please note, the new office will be accessed by light traffic using Isabella Street (where Isabella meets Alfred). Watch for the signs with directions. We look forward to receiving you at our new office beginning late May/Early June!

Chicks, Turkeys, Ducks

**Call 519-699-5200 to order or drop into
Miller's Stone Store at the Heidelberg Mill**

**Miller's Stone is also your source for
feeders, waters and of course advice!**

Its Time for Tuff Stuff!

To ensure you are getting the most out of your calf investment, feed them **TUFF STUFF!**

TUFF STUFF has been carefully formulated to provide your calves with essential vitamins and minerals with an added coccidiosis control to help deliver the best weaning weights possible.

**Talk to a Jones Beef
Sales Rep to learn more
about TUFF STUFF!**

New Jones Pasture Mineral

Jones feed Mills is excited to announce the release of a new pasture mineral for beef cattle and other livestock.

Jones Range Premix (coded **RANGEPRX**) is formulated to provide a base requirement of minerals for pasturing livestock. RANGEPRX is economically priced and can be fed to a broad range of species (*sheep excluded*).

Dairy Producers – Be reminded that **heat stress** can begin to occur when temperatures reach **20 °C**. Remember to talk to your JFM Dairy Rep about heat stress strategies that can help!
