JONES FEED MILLS CHRISTMAS MIRACLE CAMPAIGN

Jones Feed Mills is once again collecting items on behalf of the Sertoma Club for families in need for Christmas. JFM staff are collecting toys, pajamas, teen gifts and monetary cash donations. Customers wishing to donate can drop items off at any JFM location. Cash donations can also be emailed to: ChristmasMiracle@jfm.ca

All of us at Jones Feed Mills wish to thank those who donate and wish you and your family a safe and wonderful Christmas!

**WELCOME KATE**

Kate is the newest customer service representative at Jones Feed Mill's Linwood location. She has been with the company since September.

Growing up on a farm, agriculture has always been a huge part of her life. From showing steers in 4H to graduating with an agriculture diploma. She is excited that her first hand experience and knowledge of animal nutrition and husbandry will help her to assist our growing customer base.

She previously worked at Cargill and the Ontario Beef Research Centre. When asked about her new role, Kate mentioned that she is enjoying working at Jones, is learning lots and likes interacting with both our large producers and hobbyists.

At home she is currently developing her own purebred Red and Black Angus herd. You might see her at a handful of fairs with her cattle in the summer and fall! Welcome Kate!

## INTRODUCING JONES BEEFUP Premix

**BEEFUP** is specifically designed to meet the mineral requirements of feeder cattle based on body weight for both backgrounding and finishing cattle, thus simplifying your premix program. **BEEFUP** is available through two core mixes; **BEEFUP22** and **BEEFUP33** which includes 22 mg/kg and 33 mg/kg of monensin respectfully, to support optimal feed efficiency and performance. **BEEFUP** is also available in two enhanced versions which feature Zinpro Availa Zn to further improve immune function and overall health.

For more information on BEEFUP, contact your JFM Beef Sales Consultant or call the office 1-800-265-8735

**WELLESLEY - NOVEMBER 12, 2024**

Bill Gies Recreation Centre - Multi Use Room -  
 1401 Queen's Bush Road, Wellesley, ON

**ELMIRA - NOVEMBER 13, 2024**

Floradale Fire Hall - 50 Florapine Road, Elmira, ON

Success in the dairy herd begins with success in raising healthy calves. Emma Stephenson, from Provimi and well known to many JFM customers, is a Calf and Heifer Technical Support Specialist and will provide insight on calf nutrition and management. Provimi is a multi-faceted company that works with industry experts and producers as well as conducts research to provide nutritional solutions. Provimi has their own calf research facility - Nuture Research Center (NRC), where they complete more than 20 trials per year. Emma will share practical approaches to raising profitable calves and show how the JFM Whole Start Program has been developed through research at the NRC and proven by producers.

For more information on Jones milk replacers, contact your representative or call 1-800-265-8735

### DAY LIGHT SAVINGS

**Reminder!**

**Remember to set your clocks back 1 hour to EST on Sunday, November 3rd!**

### HAPPY BLOCK

The Happy Block 2 kg is an organic certified environmental enrichment tool for birds, enriched with corn and oat hulls to maximize palatability and gizzard health. This block is enriched with calcium and magnesium. This allows birds to express appropriate target-directed pecking behaviours by mimicking a natural texture, offering more complex foraging choices.

Happy Block must be placed in locations the birds visit frequently. Place 1 block of 2 kg per 25 -200 birds. Place the block in an appropriate feeder or on the ground away from excessive moisture. Call Jones Feed Mills to order.

### SAFETY CHECK IN

Please be mindful of tractors and other equipment on the farm and on the roads. Please remember to always practice farm safety.

**SAFETY SAVES LIVES!**
